GERMAN AMBASSADOR AND WIFE LEAVE THE NATIONAL CAPITAL ON SPECIAL TRAIN

ARRIVAL OF COUNT AND COUNTESS VON BERNSTORFF AT HOBOKEN (WILLIAM J. FLYNN AT LEFT)

LONDON CLAIMS THAT SEVERANCE WITH AUSTRIA HAS OCCURRED

London, February 16.—(Associated Press Cable)—The negotiations between Frederick C. Penfield, the American Ambassador at Vienna, and the Austro-Hungarian Government have been broken off, according to the Berlin Tageblatt, as quoted in an Exchange Telegraph Company dispatch from Copenhagen today.

FLOOD OF BILLS KEEPS UP

Thirty-two New Bills Dropped Into Hopper Before Adjournment for the Week.

By Associated Press Dispatch.
Columbus, O., February 16.—Thirty-two new bills were introduced in the House and two in the Senate before the General Assembly adjourned for the week this morning.

Two of the House bills are aimed directly at public officials. One by Representative Kay of Clark county, would disqualify all county and municipal officers, elective and appointive, from ever holding office again if convicted of grafting or protecting vice.

A bill by Representative Fitzsimmons, of Cleveland, would give the State Auditor authority to suspend the salary of any official who fails or neglects to collect findings reported against officials by the State Bureau of Accounting.

Representative Bliss, of Cuyahoga county, introduced a bill drawn by W. A. Stinchcomb, surveyor of Cuyahoga county, and endorsed by Governor Cox, providing for a non-salaried commission of three men to act in an advisory capacity to the State Highway Commissioner.

A bill designed to reduce the high cost of living was introduced by Representative McClave, of Huron county. It provides for teaching and promoting better methods of egg and poultry production by the State Board of Agriculture.

Representative Evans, of Lucas, introduced a bill to require newspapers to have been published a year, and to have 1,000 circulation in order to publish legal advertising, and providing that advertising may be placed in newspapers published outside the county where there is no paper within the county.

Representative Reynolds, of Cleveland, introduced a resolution requesting Ohio newspapers to publish all legislative and political news on the same page.

The Senate Steering Committee, appointed today, is composed of Gilmore of Preble, Mooney of Cuyahoga, and Holden of Warren, Democrats; and Vollenweider of Vinton and Tremper of Scioto, Republicans.

ARMY BILL TAKEN UP

By Associated Press Dispatch.
Washington, February 16.—The \$247,000,000 army appropriation bill was taken up today in the House with the prospect of a vote early next week.

Mr. Dent, of the Military Committee at the instance of the War Department moved to increase from \$1,000,000 to \$4,500,000 the amount which may be used for aviation schools out of the unexpended balance of appropriations provided by the current army bill.

The pending bill provides in addition to that \$8,000,000 for aviation. Secretary Baker has asked Chairman Dent for numerous increases to the committee bill, but the committee's attitude is to deny them.

FAILED TODAY TO REVERSE DECISION

By Associated Press Dispatch.
Washington, February 16.—Senators favoring prohibition failed today in an effort to reverse the action of the Senate yesterday by eliminating from the postal bill the Reed amendment to make it a crime to import liquor into states which prohibit its manufacture and sale.

By a vote of 28 to 28, a motion of Senator Kenyon to throw out the Reed amendment was defeated.

LARGE SUMS FOR WAR WORK

By Associated Press Dispatch.
Paris, February 16.—Alexander Ribot, Minister of Finance, today asked the French Chamber of Deputies to appropriate 5,574,000,000 francs to cover the Government's expenditures for the second quarter of the present year.

This was an increase of 900,000,000 francs over the amount of appropriations for the first quarter.

State Utilities Commission Claims That Certain People Have Been Guilty of Offenses in Coal Shortage.

By Associated Press Dispatch.
Columbus, O., February 16.—The State Public Utilities Commission is in possession of information that certain people have been guilty of indictable offenses in connection with the coal shortage situation in Ohio, said Judge O. H. Hughes, a member of the commission, to railroad men here today at the opening of an investigation of coal shortage conditions.

Judge Hughes asked the representatives of the Ohio railroads to co-operate with the commission in getting coal to Ohio consumers and added:

"This is not a thrust at the carriers, but an attempt to reach those who are not acting fairly. We come to the railroads to know whether they are discharging their duties, and whether they are hindered by some trust or body of citizens." Representatives of the Inter State Commerce Commission, the United States District Attorney's office, and the Ohio Attorney General were present at the hearing for the purpose of gathering information.

RAILROAD MEN TALK

By Associated Press Dispatch.
Columbus, O., February 16.—C. W. Calloway, vice president and general manager of the Baltimore & Ohio and general manager of the C. H. & D. railroad, was the first witness called in the hearing before the Utilities Commission.

Calloway denied there was any congestion on either of the lines which he represented; but, generally speaking, he said the conditions complained of, were due to the fact that the railroads were suddenly called upon to handle a forty per cent increase in business, and that the condition of business generally, and traffic, were forty per cent abnormal.

Summing up his testimony, Calloway said:

"The increase in business generally, and failure to return cars to the home line, is responsible for the coal shortage."

He said the roads he was connected with had on their lines now 19,400 less cars than the roads owned.

Calloway refused to answer questions relative to car distribution when asked by Attorney E. C. Morton, who, with former Attorney General Turner, appeared at the hearing representing the New Pittsburgh Coal Company but at the request of Attorney General McGhee agreed to furnish data on this subject.

Morton charged that the railroads were discriminating against the coal industry in the distribution of cars.

ROBBERS LOOT LINCOLN BANK

By Associated Press Dispatch.
Lincoln, Nebraska, February 16.—Robbers today at noon locked the cashier of the National Bank of University Place in the vault and escaped with \$2,500.

NEWSPAPER MAKERS ARE WEAKENING

Proposal Submitted Which it Is Believed Will Aid Publishers.

By Associated Press Dispatch.
Washington, February 16.—It was authoritatively announced today that a number of the largest print paper manufacturers had submitted to the Federal Trade Commission a signed statement proposing that the commission take certain action which will be of the utmost importance to newspaper publishers and relieve the present situation of prohibitive prices.

An official statement will be made later today.

The action of the manufacturers follows two days of conferences with the commission, and the proposals was submitted by Francis J. Henry, special counsel for the commission in its print paper investigation.

The manufacturers hurried here soon after it was announced that the Federal Grand Jury in New York had been asked to return indictments charging criminal violation of the anti-trust laws.

REPORT NEARLY READY

By Associated Press Dispatch.
Washington, February 16.—The commission's report of its investigation of the news print paper industry is about ready to be presented to Congress.

No intimations of its contents have been given, but it is understood to show that there is no real shortage of news print paper, as the manufacturers have contended, and the paper mills of the country are in position to meet all ordinary demands upon them.

London, February 16.—A Stockholm dispatch to Reuters says that the Swedish Government has decided to take possession of all stocks throughout the country of barley, oats, and cereal products.

The use of potatoes for feeding animals also has been prohibited.

House of Representatives today repassed the statewide prohibition bill, passed by the Senate yesterday, after concurring in the amendment extending the time the law would become effective from January 1, 1920, to July 1, 1920. The election will be held in November, 1918.

ARRIVES AT SANTIAGO

By Associated Press Dispatch.
Washington, February 16.—An American gunboat, the name of which is withheld by the Navy Department, has arrived at Santiago de Cuba, explored the harbor and found it free from mines.

A dispatch to the Navy Department today from the commander of the vessel said Santiago was quiet.

A message signed by Major Fernandez, military commander of the insurgent forces of Santiago, sent to the American Minister at Havana, on Wednesday, said that Santiago harbor had been mined and advised all ships to ask for a pilot.

FIGHTING IN CUBA

(Associated Press Cable.)
Havana, February 16.—Heavy fighting occurred last night between rebels and Government troops near Hoyo, Colorado, 17 miles west of Havana. Several of the rebels were killed.

The rebels were followers of Baldomero Acosta. Some prisoners were taken. Acosta escaped with a small band of men, some of whom were wounded.

AMERICANS TOLD TO QUIT AUSTRIA

(Associated Press Cable.)
Paris, February 16.—Americans in Austria have been warned from Washington to leave that country.

LEAVING PARIS FOR GOOD U. S. A.

(Associated Press Cable.)
Berne, Switzerland, via Paris, February 16.—The last contingent of the American colony arriving here from Germany left tonight for Paris on its way home via Spain.

Comparatively few left on the regular train, as most of those who failed to depart last night got away during the day after a rumor that entry into France would be refused after Friday.

SCULPTOR'S WIFE DEAD

(Associated Press Cable.)
Paris, February 16.—The Petit Journal reports the death at Meudon, after a long and painful illness, of Madame Auguste Rodin, the wife of the famous sculptor.

Madame Rodin, whose maiden name was Rose Beurre, was married on January 29 to the sculptor.

GERMANY ASKED TO EXPLAIN

Second Trainload of Former American Officials Not Out Yet.

Associated Press Dispatch.
Washington, February 16.—Inquiry has been sent to Germany through the Spanish Embassy at Berlin regarding the delay in the departure of the second trainload of former American officials from Germany for Switzerland. It was announced officially to-day.

WASHINGTON'S VIEW

Associated Press Dispatch.
Washington, February 16.—State Department officials, discussing the report from Paris that Americans had been warned from Washington to leave Austria, said no instructions to that effect had been sent to Ambassador Penfield at Vienna.

They considered it probable that Ambassador Penfield might have taken such action on his own initiative. Officials say they still hope that a deal with Austria may be avoided, but admit that all recent indications are to the contrary.

INFORMATION MEAGRE

Associated Press Dispatch.
Washington, February 16.—The on information the Department has about the train came from Mr. Gerard and Minister Stovall at Berne, neither of whom has given any more definite time for departure than some time this week.

Several requests for information have been sent to them, but no definite word has arrived.

Officials here refuse to believe that Germany is purposely delaying the train and expect to hear of its departure shortly.

PLAN TO BOOST POSTAGE RATES DROPPED OUT

Associated Press Dispatch.
Washington, February 16.—Proposed increased postage rates on newspapers and magazines and provisions for one cent postage on drop letters finally were eliminated from the postal bill today on a point of order by Senator Lodge that they had no place on such a measure under the Senate rules.

This action is expected to end the fight at this session for the provision.

THE PRESBYTERIAN RECEPTION

THE PRESBYTERIAN CHURCH WILL KEEP OPEN HOUSE THIS EVENING. TABERNACLE CONVERTS ARE TO BE ROYALLY WELCOMED. AN INFORMAL EVENING OF SOCIABILITY, FUN AND FROLIC HAS BEEN ARRANGED. THE CONSTITUENCY AND TABERNACLE CONVERTS ARE URGED TO BE PRESENT.

UNION SERVICES IN THE TABERNACLE

The last religious meeting to be held in the tabernacle will be that of Sunday evening at 7:30 when a union meeting of the various Churches is expected to fill the building with citizens.

Five ministers will occupy the pulpit during the evening. Rev. Gage presiding over the meeting, and Rev. Cherrington, Rev. Hart, Rev. Grove and Rev. Reynolds delivering brief sermons on "The Christian Life." And while four ministers will preach, no one will be permitted to deliver a long sermon.

The big choir which was a feature of the tabernacle meetings will be in place. The same ushers will be in charge, and everyone is urged to take their song books used in the tabernacle meetings.

135 DEFENDANTS IN COURT ACTION OVER MILLS WILL

Executors Appeal to Court for Construction of Last Will of James R. Mills.

Hugh Rodgers and C. P. Ballard, executors of the last will and testament of James R. Mills, filed petition in the common pleas court Friday morning, making the widow, Angeline Mills, and 134 others, defendants in an action for the construction of the will.

The large number of defendants are chiefly descendants of the deceased wife of the testator. The petition states that the testator, James R. Mills, died Sept. 2, 1916, and that on Oct. 10th a will with two codicils attached, was admitted to probate, and that the executors are in doubt as to the proper construction of the will, especially the eighth clause which gives all of the residue of the property, both personal and real, to the nephews and nieces of the testator's deceased wife, share and share alike, after payment of debts and legacies mention in the second, sixth and seventh clauses of the will. The plaintiffs state that under the eighth clause there remains some \$32,000 to be distributed.

Petition recites that Angeline Mills, widow of the deceased, has elected not to take under the will, but under the statute, and that in this way she would receive one-half of the first \$400 and one-third of the remainder. John Logan represents the plaintiffs in the action.

FORMER RESIDENT DIES IN COLUMBUS

Mr. A. J. Miller, former resident of this city, died at his home in Columbus Wednesday at midnight, aged 60 years, his death following an illness of short duration.

Mr. Miller left here fifteen years ago and has been a highly thought of employee of the Columbus Machine Co., for nearly fourteen years.

His two sons, Jacob and James Miller, of this city, went to Columbus Friday, accompanied by their sister, Mrs. Rebecca McNeely, of Cincinnati. Mrs. Chas. Ellis, of Madison Mills, also a daughter, is unable to go.

Funeral services will be held at the residence on Holton Avenue, at two o'clock Saturday afternoon, followed by burial in Greenlawn cemetery.

FORMER RESIDENT KILLED IN CHICAGO

A traveling man of Chicago, who was in the city Thursday evening, announced the death in Chicago on January 27th, of Raymond Bodker, son of Mr. and Mrs. Henry Bodker, former residents of this city.

According to the man, Bodker met death under a street car on the corner of LaSalle and VanBuren streets. Henry Bodker for many years was employed in this city as a tailor.

COMPANY M NOW ON WAY BACK HOME

Company M, Fourth Ohio Infantry, left the border at El Paso, Thursday according to telegraphic reports from that place, and with the remainder of the Fourth Regiment is now on the

way back to the mustering out point, and all of the boys are expected to arrive home about March 1st.

It will be two or three days before the troops reach the mustering out point at Detroit, Michigan, and several days will elapse after that time until they are released from Federal duty.

SECOND OF SERIES CHURCH OF CHRIST

The second night of the series of "follow up" meetings at the Christian church witnessed a full house and an intense interest. The new song books had arrived and the singing by the large choir was above the standard.

The evangelist, Herbert Tillock, was in splendid condition and preached a powerful sermon from the topic: "The Foundation of the Christian Hope." During the course of his address he stated that every hope must have a good reason; that a reason existed for the Christian's hope.

The sermon was a very impressive one throughout, and several went forward when the invitation was extended.

Seven baptisms were made before the service and three following the service.

Tonight promptly at 7:30 the evangelist will speak on "The Foundation of the Church of Jesus Christ."

Mr. Tillock has done evangelistic work in Australia and England and a number of states in this country.

Many will remember hearing Mr. Tillock here when he made the address at the union meeting in Grace M. E. church a year ago.

The public is invited to the services beginning at 7:30.

DEDICATION FEB. 25

The dedication of White Oak Grove M. P. Church will be held Sunday February the 25th—an all day service.

A special service for children will be conducted by Miss Dorcas Mulador of Middletown, O.

Every family will bring dinner. This will be in charge of a committee and the self-serving plan will be worked out. All will receive coffee.

APPOINTED INTERNE NEW YORK HOSPITAL

Alden Baughn, son of Mr. and Mrs. E. E. Baughn, west of town, who is in Philadelphia, supplementing his O. S. U. medical course with a course at the university there, has successfully passed the internship examination of the New York city hospital and received the appointment as interne of this wonderful hospital for two years.

Mr. Baughn will take his degree at the Philadelphia university early in May. He is a nephew of Mrs. James Ford, of this city, and Dr. J. J. Coons, the noted pathologist of Columbus.

Mr. Elton Marine spent Thursday in Columbus on business.

BODY OF YOUTH BROUGHT HOME

Walter Wood, Former New Holland Lad, Dies of Injuries Sustained While Unloading Hay in Nebraska—Funeral This Afternoon.

The remains of Walter Wood, 17, son of Mrs. Joe Wood of New Holland, arrived from Blue Springs, Nebraska, Friday morning, and were taken to the home of his mother, and funeral services were held Friday afternoon at the Christian Church, with Rev. Keaton officiating.

The young man's death occurred in Nebraska, early Tuesday morning, as result of blood poisoning and lock jaw developing from injuries sustained in a most unusual manner last Saturday morning.

Walter was engaged in unloading hay or removing hay from a bar, using a hay-fork. The apparatus was not working properly and in adjusting it the fork suddenly became released and struck him in the nose, inflicting a slight wound in the nostril. He paid little attention to the wound and in the afternoon resumed his work.

Sunday morning the wound was inflamed and blood poisoning quickly developed and tetanus followed, so that he died in great agony at six o'clock Tuesday morning.

The young man, who has many relatives and friends in New Holland and vicinity, left that community two years ago and since that time has been making his home with his uncle, Cyman Evans.

FOUR DAYS OF BAND CONCERTS

A feature of the Mid-Winter Grain Festival and Auto Show to be held at the tabernacle in this city next week, will be a series of splendid concerts by the Washington Band.

The first of these concerts will be held Wednesday morning at ten o'clock and the second at 7:30 Wednesday evening.

On Thursday three concerts will be given—at 10:00, at 2:00 and at 8:00 o'clock.

Friday morning at ten and in the evening at eight concerts will be a feature.

Saturday afternoon at two o'clock and in the evening at 8:00 the crowds will have an opportunity of enjoying the band music.

New music and frequent rehearsals have brought the band up to a high degree of efficiency.

The Senate's Big Day

The Senate of the state recorded a splendid day's work Wednesday when it passed the Blausen bill, placing quail on the songbird list, thus insuring their safety from the shot guns and dogs of the "sportsmen" of the state and at the same session enacted the Reynolds bill, which gives the women of the state the right to vote in presidential elections.

It was a splendid half-day's work and places the upper house of the Ohio assembly in the ranks of the progressive law makers of the nation.

Woman's suffrage even in the limited form provided in the Reynolds bill is a decided step forward in harmony with the most advanced and the best thought of the times.

The time has come when Ohio, in that matter, as in others, must align itself with the western section of the nation where the true spirit of '76 still actuates the people. The wholesome reforms in the interest of the masses must come out of the west, it seems, as the east has given itself up to commercialism.

The action of the Senate on Monday places Ohio right before the nation and tends measurably to encourage the advance movement now sweeping the country.

Coming closer home, the favorable action on the Blausen bill will meet with the approval of the whole state save only a very few in the cities.

We can now enjoy Bob White's "songs" with much more comfort than we could while his existence depended upon legislative caprice and political pull.

How About Exports?

While the danger of an actual conflict with Germany grows hourly greater, the question of what course is to be adopted regarding the arming of merchant ships now in port awaiting opportunity to put to sea, becomes one demanding solution at once.

The seaports are crowded with freight of all kinds. Docks, warehouses and wharfs are mountain high with merchandise for shipment, railroad terminals are congested at seacoast points with cars, sorely needed in inland commerce, because there is no opportunity to unload them.

It is likely that the accumulation of merchandise in eastern ports, the refusal of ship owners to sail until arrangements for defense have been made, will compel President Wilson to go before Congress and discuss the situation before any overt act is committed by Germany.

Of course, in these diplomatic discussions which is the extent now of the difficulty with Germany there is always more or less desire to shift responsibility for any serious consequences that may follow.

Germany is seeking now to proceed with her ruthless submarine warfare and yet so maneuver the diplomatic end of the controversy as to compel the United States to commit the overt act.

In the meantime—while the United States shipping is stopped, Germany accomplishes her aim by halting commerce. The shipping conditions seem destined now to force the issue to a conclusion before anything else.

The Leak Investigation

While public attention has been centered on the crisis with Germany and the great gravity which our innational relations have assumed, the leak investigation has been almost entirely lost sight of, only a few fragmentary reports of the proceedings of the investigating committee succeeding in forcing their way into the columns of the press.

Enough has crept into the news columns, however, to disclose that the leak has run dry. Lawson's wild charges have thus far failed to be substantiated by any real evidence.

The mysterious woman, Mrs. Visconti, finally appeared and gave testimony. Her "high up" informant proved to be a child of one of the White House newspaper correspondents.

Secretary McAdoo, against whom it is clear the venom of the whole attack was directed, appeared to good advantage in the testimony of those who appeared before the probers.

Lawson received his advertising and the public generally feels that he is entirely welcome to whatever of benefit he can gather from it.

There is no disguising the fact that Secretary McAdoo has, in the conduct of the treasury department of the nation made implacable enemies of some powerful financial interests and brokers who, if not directly concerned in the circulation of the rumors fathered by Lawson, would have been glad to see the Secretary of the Treasury unable to clear himself of suspicion.

This is no time, however, to dwell on these unpleasant domestic quarrels and the shifting of the spot light to affairs of greater moment is perhaps fortunate, after all.

Poetry For Today

AN AMERICAN

An American is one
Who not only shouts "Old Glory!" but
feels it;
Who pursues a practical, not a passive
democracy;
Who not only likes to thrive with his
country, but is ready to die with it
Who would not barter its tiniest blade
of grass for the wealth of a un-
iverse;
Who respects its institutions, who
does not deride them;
Who has the courage of his con-
victions, not the acquiescence of his
expediency;
Who believes in principle, not the
stultification of it;
Who can be generously sympathetic
without being patronizing;
Who rocks the cradle with one hand
and balances his books with the
other;
Who is childlike with you in success
and staunch in adversity;
Who loves one woman, and honors all;
Who is mild with the simple, but a
rock with the sophisticated;
Who can pat a puppy that bespatter-
ed his trousers;
Who is square with himself, and leni-
ent toward ignorance;
Who is fair to labor, and labors fairly;
Who is humble in his achievement,
and generous with his praise;
Who can be a stalwart champion as
well as an innocent bystander;
Who believes in adequate prepared-
ness and will cheerfully dig up
his share when the bills fall due;
Who observes the intent, not the let-
ter of the law;
Who can be gallant to a scrubwoman,
and indifferent to the haughty;
Who is as fastidious about his moral
shirt cuffs as his laundered linen
Who eats his own embalmed beef, and
forwards the better cuts to those
who serve his country;
Who tries to be kind to every race and
color and creed because he has no
wish to draw distinctions among
those who will serve him in the
pinch.

AT THE LYCEUM
THEATRE TONIGHT

"The Girl Without a Chance," which comes to the Lyceum tonight, is one of the few real hits of the present theatrical season.

Too many play wrights are present-
ing only the morbid side of life. The
public likes to laugh. I don't think
the average public cares for farce
comedy, there is not enough "meat"
to it. The real reason that "The Girl
Without a Chance" has scored such
an emphatic hit is that the author
knew the value of laugh and knew
exactly where to place it to strength-
en the piece. "We are inclined to agree
with him. A good laugh in an intense-
ly interesting scene has proven a
great relief to us many times. This
city is fortunate to secure such an at-
traction as "The Girl Without a
Chance" so early in its career. adv.

literary work up to twenty years ago
gained him national fame, died at his
winter home here today.

In 1860 he collaborated with Wil-
liam Dean Howells in writing the
"Poems of Two Friends." He was 82
years old.

THE CHATHAM CONCERT
COMPANY

Personnel:—Myretta Chatham,
Reader; Adelaide Rynders, Violinist;
E. Rozina Aussiker, Soprano; An-
thony Metzger, Pianist.

The success of this company since
its organization has been most pheno-
menal. Space will not permit publi-
cation of the many glowing tributes
attesting the universal satisfaction
which this company of artists has
given our many patrons throughout
the East. Each artist is endowed
with a pleasing personality and true
artist's temperament. Their program
is modern and effective, selected with
a view to educate and please the pub-
lic. The "Perfect Song," an original
operetta, written by Miss Chatham
especially for this company, is a most
novel costume feature and closes an
exceptional program that will not
fail to attract and hold large audi-
ences.

MANY TRAIN LOADS
OF COAL ON MOVE

Train load after train load of coal
has passed through the city during
the past few days chiefly headed north
although the westward movement has
been heavy.

These trains of coal have been mov-
ing slightly faster than under ordi-

IN SOCIAL CIRCLES

A beautiful six o'clock dinner was given Thursday evening by Aloysias McDonald to the foot-ball team of which he was captain the past year.

Supt. Wm. McClain, Mr. Probasco and Mr. Playley, coach were additional guests.

Decorations suggestive of Washington's birthday, together with the high school colors were used in effective decorations. The twenty-two guests were seated at a long table, perfect in its appointments. A crystal basket of sweet peas and feathery fern, with the handle knotted with a big bow of blue and white formed the centerpiece. The letters W. H. S. '16, formed of simlax extended the entire length of the table. The boys found a telegram awaiting each of them containing interesting information to bring on the dinner hour. Tiny silk flags were place favors.

Supt. McClain was the toast master of the evening and filled the role admirably. His wit called forth many clever toasts from the assembled guests. High school and patriotic songs and lusty football yells added to the enjoyment.

The young host was assisted by his father and mother Mr. and Mrs. John McDonald, brother James and sisters Mrs. Francis Foeke of Dayton and Miss Margaret McDonald.

The Women's Foreign Missionary Society of Grace M. E. Church held their regular meeting at the home of Mrs. G. S. Hodson, Thursday afternoon.

The meeting had been postponed one week on account of the Bronkey Meetings. There was a good attendance and much interest in the work manifested. A sadness prevailed over the society as it was recalled that one member had passed away since our last meeting. Mrs. Horst, for whom a short memorial was presented.

Mrs. Kennedy read a favorite hymn prefacing scripture reading and prayer by Mrs. Adams. A beautiful poem was read by Mrs. Hodson.

The following short program was rendered.

Jubilee hymn, O Zion Haste.
Reading by Miss Porter—"Glimpses from Executive Meeting."

Vocal solo by Mrs. Larrimer, Mrs. Hodson accompanist.

Reading—"The Ideal Member," read by various members.

Hymn: "Blest be the tie."

After benediction a delightful social hour was enjoyed, during which delicious refreshments were served by the hostess and her assistants, Mrs. Clara Harper and Mrs. W. P. Barfies.

The "Kensington Circle" a recently organized social club of fourteen women, was indebted to Mrs. Thos. S. Maddox for delightful entertainment Thursday afternoon.

A white and yellow color scheme was attractively carried out in the dainty refreshment served.

The Staunton W. C. T. U. was entertained in its regular session this week by Mrs. Charles Roberts and daughter, Miss Blanche.

A dozen were present, and several guests.

After Mrs. Clara Stewart had led the devotionals, Mrs. Roberts, president, presented the Frances Willard Memorial and the society voted to send two dollars to the memorial fund.

Miss Ruth Mack gave a select reading, "Yes I'm Guilty," and Mrs. Inez England played a pretty piano solo.

There was a reading "The Cabin Boy," by Mrs. Grace Hoskins and poem on Francis Willard read by Mrs. Mattie McCoy.

A social hour, during which the hostess served light refreshments, was enjoyed.

Mrs. G. L. Spragg pleasantly entertained the luncheon club Thursday.

Mr. and Mrs. Elmer Junk are entertaining Judge and Mrs. Joseph Hidy, daughter, Miss Josephine and grandson, Wm. Gray, of Cleveland at dinner this evening.

OHIO SOLONS ADOPT PLANS TO SPEED UP

Morning and Night Sessions Considered—What's Doing in Legislative Circles.

By Associated Press Dispatch.
Columbus, O., February 16.—Morning and night sessions in addition to the present afternoon sessions may be held by the Ohio legislature in order to expedite the work and conclude the session by March 8. Representative Stokes, Democratic House floor leader said today.

A steering committee is to be appointed in the House to report out all "must" bills. Out of more than 400 bills introduced in the House, probably not more than half of them will ever leave committee rooms, legislative leaders say.

The proposal to adjourn sine die by March 20 after recessing from March 8 is expected by legislators to meet with general favor. It is along the line of recommendations made by both former Governor Willis and Governor Cox for a "legislative rest."

With woman's suffrage disposed of, the governor's budget in and the curative measures in the tax laws about ready to be acted upon, there is no other important legislation before the assembly.

The taxation problems are expected to cause more trouble than any of the other proposed legislation. The special joint taxation committee is still considering a bill to correct the Parrett-Whitmore tax law and the Senate committee on taxation has under consideration several bills to provide relief in taxation for municipalities.

Establishing a precedent, Governor Cox appeared before members of the general assembly in joint session late yesterday and discussed with them his budget carrying appropriations for the next two years. For the years 1917-18 the total cost of operating all departments and institutions of the state as recommended in the budget will be \$21,351,891.04.

Recommendations in the budget to cover administration of the workmen's compensation law are increased over that of last year to provide for a number of extra clerks and stenographers. Two claim judges have been recommended to take the burden of hearing the claims for compensation from members of the industrial commission in the division of workshops and factories six deputy directors of safety have been recommended to assist the director of safety in a campaign for better working conditions in Ohio workshops and factories.

In the fish and game division the number of deputy wardens has been doubled to provide more efficient enforcement of the fish and game laws. This would give the department fifty game wardens.

The total recommendations of the Board of administration amount to \$5,316,451 for the two years of which \$1,390,000 is for food. Five new cottages for the hospital for epileptics at Gallipolis costing \$150,000 and a dining room costing \$50,000 are recommended. For 1918-19 this institution is to get six new cottages accommodating 250 patients at a cost of \$108,000 and a tuberculosis hospital costing \$25,000 if the governor's recommendations are adopted.

The School for the Blind in Columbus is to get a kindergarten cottage costing \$5,000 this year. Recommendation is made for \$100,000 appropriation this year for enlarging the cell blocks and dining room at the Mansfield Reformatory. The sum of \$100,000 is recommended for an administration building and equipment for the Bureau of Juvenile Research in Columbus. Provision is made for increasing the number of visitors in the Children's Welfare division of the State Board of Charities from five to ten.

NOTED ASTRONOMER DIES AT AGE OF 82

(Associated Press Cable.)

Melbourne, February 16.—The death is announced of John Tebbutt, Australia's foremost astronomer. He was 82 years old. Mr. Tebbutt spent practically the whole of his life at Windsor, New South Wales, where he erected an observatory at his own cost. He first came into world-wide notice by his minute observations of the comets of 1858, 1860, and 1861. Since that time he had devoted his energies to the discovery and observation of comets. In 1862 he was offered and declined the post of government astronomer of New South Wales.

FARMER 74 YEARS OLD

Tells How Vinol Made Him Strong.

The following letter from farmer Lester adds another link to the great chain of evidence which proves that there is nothing equal to Vinol to create strength for feeble, weak, run-down conditions and after sickness.

Vestal Center, N. Y.—"I am a farmer 74 years of age and got into a weak, run-down condition as a result of the grippe. Our druggist suggested Vinol to build me up and I noticed an improvement soon after taking it, and it has restored my strength so I can now do a good day's work. My wife has also taken Vinol for a run-down condition with splendid results." H. W. Lester.

The reason Vinol is so efficient in building up strength for weakened, feeble, old people is because it contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the most successful tonics known.

We wish every person in Washington Court House who is suffering from a weakened, run-down, devitalized condition would try Vinol on our guarantee to return their money if it fails to benefit.

WHY PAY THE PEDDLER OR CAVASSER TWICE THESE PRICES?

You can save a good deal of money by buying your stock tonic at this store instead of paying the peddler big, fancy prices for goods of unknown quality. Look at these prices for that old reliable and guaranteed stock conditioner and worm expeller—

Dr. Hess' Stock Tonic

25-pound pail costs \$2.00
100-lb drum costs \$6.50

Remember, we have no peddler's wagon and horses expenses to pay. That's why we can sell you Dr. Hess Stock Tonic at these rock-bottom prices

Here is another point, Mr. Farmer, we want to emphasize. That is: Dr. Hess Stock Tonic is highly concentrated. It goes farther, as the small dose quantity proves. Dr. Hess Stock Tonic is to put your animals in a thriving condition, make the ailing ones healthy and expel the worms—otherwise you get your money back right here at our store. We also handle

COX APPEARS IN ASSEMBLY

Columbus, Feb. 16.—Before a joint session of the general assembly Governor Cox, appearing personally to present the executive budget, outlined how the recommended appropriation of \$42,660,841 for the next two years, in his opinion, should be spent.

The governor said he expected a considerable percentage to lapse back into the treasury because special emergency funds for various departments were asked. These emergency funds were included in the budget, he explained, because the "exigencies of tomorrow" can not be foretold.

The budget totals \$21,330,420 for each year, which is greater than the actual prospective expenditures. Next year's budget includes \$250,000 emergency fund for food for the board of administration which is not expected to be used; a similar emergency fund of \$250,000 for the Ohio national guard; \$50,000 more in the emergency fund proper than for either 1915 or 1916; \$220,500 for the legislative session of 1919, for which there was no equivalent in the appropriations of the last general assembly; \$75,000 for compensation for slaughter of tubercular cattle and glandular horses, not provided for by the last legislature, and \$30,000 for constitutional amendments and initiative and referendum, expenditures for which were taken out of the state emergency fund the last time.

The governor asked \$100,000 for an administration building for the state bureau of juvenile research. He asked \$180,000 for the prison farm at London for the first year and \$250,000 for the second. For the institution for the feeble-minded and the hospital for epileptics he recommended five new cottages each the first year and six the second. The governor urged additional cell blocks at the Mansfield reformatory and a kindergarten cottage at the state school for the blind. The total recommendation for the board of administration for the two years is \$5,316,451.

Aid For Universities.
Pointing out that in the last ten years the number of students in the state-supported universities of Ohio has increased from 2,744 to 6,890, he urged that these institutions be generously treated. Ohio State university is to have an \$85,000 wing to the chemistry building. A total appropriation of \$2,722,874 for two years is recommended for Ohio State.

Slight increases were asked for the

state board of charities, industrial commission, state board of health, automobile department and highway commission. The sum of \$50,000 is asked for a hospital for crippled children. Recommendations are made for \$2,640,000 for common schools and \$205,000 state aid for weak schools.

The per capita cost of state government in Ohio, Governor Cox pointed out, is \$2.64. He cited other states with a higher per capita cost, ranging as high as \$12 in California.

The Reynolds presidential suffrage bill is now before the governor, as the senate, by a 24 to 10 vote, killed a motion of Senator Holden that its passage be reconsidered. It is considered certain the governor will not veto the measure, which will be up in the fall for a referendum.

COMMANDER TODD NOW HAS CHARGE OF NAVY WIRELESS

Commander David W. Todd, who has charge of the service, said that he had not heard of any dispatches being sent to Germany by radio concerning the action of United States customs authorities and he doubted that any such information had been sent.

Commander Todd is one of the best known of the younger army officers and was formerly executive officer of the Wyoming, which was the flagship of the Atlantic fleet until recently, when the Pennsylvania took her place.

LITTLE HOPE OF STARVING JOHNNY

London, February 15.—(Correspondence of The Associated Press).—"The returns of the Port of London for the past eight months will not encourage the hopes of the Germans of starving London or ruining its trade by the depredations of submarines," says the latest report of the Port of London Authority on conditions at the great London docks.

The tonnage entering and leaving the port shows a substantial decrease as compared with the preceding year, but the quantity of goods actually unloaded showed a decrease of only three per cent, the tonnage being 1,229,000 this year as compared with 1,355,000 last year. Prohibitions on the import of several classes of merchandise have been in force during this period, and have undoubtedly affected the figures appreciably.

The stocks of goods, especially foodstuffs, in the public warehouses has actually increased 22 per cent, being 637,000 tons against 524,000. The present stocks are the largest in the history of the docks of London.

As compared with pre-war times, the traffic of the port of London has increased from 1,549,000 tons in 1913 to 1,829,000 for the corresponding period this year.

The detailed report indicates increases in receipts of most articles of food. Wheat, sugar, rice, cheese, and cocoa, all show an improvement. Meat and tea show a decrease.

The supply of timber is of next importance to foodstuffs, says the report. Difficulty in handling has been acute in this respect, owing largely to the enlistment of one-third of the 700 timber porters, who handle and stack the timber after it has been discharged by the stevedores.

The irregularity of the arrival of timber-laden ships has also been a trying factor. A few days ago thirteen timber vessels arrived at the docks on a single tide. But in spite of such difficulties, the stock of timber at the docks has increased from about 200,000 tons to more than 350,000 tons.

Much of the work of the docks is now being done by soldiers from some of the numerous dock laborers battalions specially recruited for work of this kind here and in France.

Be a Community Builder. Join the Pay-Up Week Throng

ONE will deny that willful, premeditated indebtedness is wrong. Nothing will impair a man's standing in a community more than contracting the habit of making small debts and letting them run on indefinitely. It's the little things, after all, that are the tests of character. There are very few persons who are unable to pay the little debts they owe. When they neglect them they are placed in the same category as the fellow who won't pay. The result is that they suffer by comparison. There have been instances of men who were close friends for years becoming estranged over a fifty cent debt.

TO PROMOTE FRIENDSHIP AND GOOD FEELING AMONG YOUR NEIGHBORS AND FRIENDS DURING PAY-UP WEEK HUNT UP THOSE YOU OWE AND SQUARE THE AMOUNT. DON'T WAIT ON THE OTHER FELLOW. YOU SEE HIM FIRST. AND THEN MAKE IT A HABIT ON THE FIRST DAY OF EACH MONTH TO MEET YOUR OBLIGATIONS. IF YOU OWE MORE THAN YOU CAN PAY, PAY WHAT YOU CAN. LET YOUR CREDITORS KNOW THAT YOU HAVEN'T FORGOTTEN YOUR OBLIGATIONS. IT'S MORE HONEST AND MANLY THAN DODGING THEM YEAR IN AND YEAR OUT. WOULDN'T IT BE ONLY FAIR TO THEM AND TO YOURSELF?

There is another side to the question—credit. The man who takes care of his obligations has a credit that he can draw on. Any banker will tell you that a man doesn't necessarily have to be rich to secure a loan when he needs it. The poor man who has the reputation of looking after his obligations has a better credit at a bank than the man who can pay and neglects to do so.
